

Doncaster and District Family History Society

Guidelines: Applicable to Doncaster and District Family History Society Members Undertaking Research For Others

Although Doncaster and District Family History Society provides a limited Search and Print Service (Doncaster Health Authority Death Registers 1875 to 1928 and Bawtry Cemetery Index) the Society does not undertake paid research and does not recommend any individual researcher or organisation to others.

Members (and visitors) using the Palgrave Research Centre may seek assistance from the Duty Volunteers to help them do their own research. Any help provided by the volunteers is offered in good faith. The opinions they offer are their own and the Society is not responsible for any errors or omissions resulting from the advice given.

Members must not say they are representing Doncaster and District Family History Society unless they have prior permission to do so from the Executive Committee.

If members are undertaking research for personal financial gain, they must make it clear to prospective clients that this is a private arrangement and has no connection to the Society. Doncaster and District Family History Society also recommends that paid researchers make the terms of their offer and details of their fees clear from the outset.
